

# KNIFE SYSTEM

Intelligent cutting solutions for your CNC router

**Drag knives**

**Oscillating knives**

**Special knives**

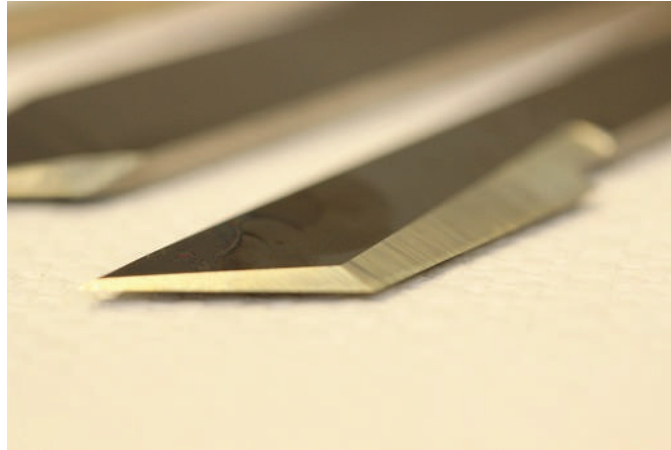

**Rotation blades**

# DRAG KNIVES

For foil, cardboard, carpet and composite materials

Type	Picture	Art.No.	Description / Product detail
e1		2701601	Standard knife with very robust point for self-adhesive foils
e2		2702602	Slim, single-edged knife for thick self-adhesive foils
e3		2703603	Double-edged knife for masking film
e4		2701601	Single-edged, slim knife for soft materials
e5		2705605	Single-edged, very slim knife for soft materials
e10		2710101	Single-edged sword knife (Tangential knife) for thin and hard materials
e11		2711104	For cutting thick and hard materials. Creates smaller overlap compared to e10 as it is more pointed
e12		2712112	Tangential knife like e10, but double-sided with four useable cutting edges
e13		2713113	Tangential knife like e11, but double-sided with four useable cutting edges
e16		2716102	Single-edged tangential knife for thin materials (EOT, POT)

# DRAG KNIVES

Type	Picture	Art.No.	Description / Product detail
e17		2717103	For cutting polyester foils, leather etc. (EOT, POT)
e32		2703250	Graphical blade with cut angle 45°
e44		2744120	For fibrous fabric like carpet, similar to Z11, but with additional cutting edges
e46		2746101	Carpet knife 45° / 20°
e110		2111000	Single-edged sword knife (tangential knife) for thin and hard materials
e111		2111100	for cutting of thick and hard materials. Creates smaller overlap compared to e10 as it is more pointed
e746		2774650	Graphical blade with cut angle 36°
e784		2778450	Graphical blade
eW1		2501603	Standard Wild plotter knife for self-adhesive foils for Wild plotter TA30, TA40, TA41, TA400, TA410, TA500, TA510
eW2		2502604	Wild plotter knife for thick self-adhesive foils, stencil cardboards and similar materials, for Wild plotter TA30, TA40, TA41, TA400, TA410, TA500, TA510
eW5		2505605	Slim, double-edged Wild plotter knife (sword knife) best suited for cutting masking film, for Wild plotter TA30, TA40, TA41, TA400, TA410, TA500, TA510
eW6		2506606	Universal plotter knife for cutting thick and tough materials
eW7		2507607	Robust knife for cutting polyester, cardboard, leather, etc.
eW8		2508608	Double-edged sword knife for paper, textile, cloth, etc.
eW9		2509609	For thick and tough materials
e70		770001	45° V-cut knives for kappa-plates up to 10 mm
e71		771001	45° V-cut knives for kappa-plates, X-boards up to 16 mm
e73		2761329	For corrugated cardboard, sandwich board, light foam core

# DRAG KNIVES

For foil, cardboard, carpet and composite materials

Type	Picture	Art.No.	Description / Product detail
<b>S36T</b>		2703601	Summa-Tangential knife 36°, for for S-Class T-Series and SummaSign T-Series
<b>S36T2</b>		2703602	Summa-Tangential knife 36° (double-edged) for Summa S-Class T-Series and SummaSign T-Series
<b>S45T</b>		2704501	Summa-Tangential knife 45°, for for S-Class T-Series and SummaSign T-Series
<b>S60T</b>		2706001	Summa-Tangential knife 60°, for for S-Class T-Series and SummaSign T-Series
<b>S35D</b>		2703501	Summa-Drag knife 35° for D-Series - Offset 0.45
<b>S60D</b>		2706002	Summa-Drag knife 60° for D-Series - Offset 0.75
<b>S60D2</b>		2706003	Summa-Drag knife 60° for D-Series - Offset 0.92
<b>M30</b>		2703001	Mimaki 30° - Offset 0.30
<b>M45</b>		2704502	Mimaki 45° - Offset 0.15
<b>M452</b>		2704503	Mimaki 45° - Offset 0.30
<b>M60</b>		2706004	Mimaki 60° - Offset 0.75

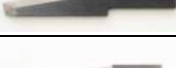

# OSCILLATING KNIVES

For carpet, leather, foam and composite materials

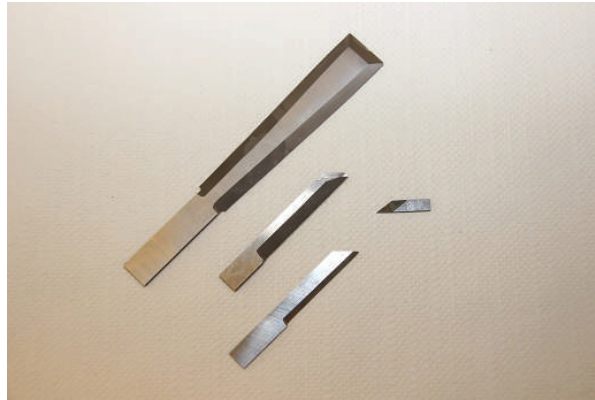

Type	Picture	Art.No.	Description / Product detail
e20		2720106	for corrugated cardboard and rubber up to 10 mm, 25mm long (POT-40)
e21		2721107	for corrugated paper and rubber up to 13 mm, 28mm long (POT-40)
e22		2722108	for hard cardboard and rubber up to 3 mm, 25 mm long (POT-40)
e23		2723100	for carton sandwich panel up to 16 mm (EOT, POT)
e25		2725109	for fibrous fabric and textile, 25mm long (EOT, POT)
e26		2726109	for fibrous fabric and textile, 25mm long (EOT-40, POT-40)
e26W		2726110	for fibrous fabric and textile, 25mm long (EOT-40, POT-40)
e28		2728110	for soft materials up to 23 mm, 38mm lang (EOT-40s, POT-40)
e29		2729111	for soft materials up to 28 mm, 43mm lang (EOT-40s, POT-40)
e41		2741114	Special knife for leather and textiles up to 10 mm, with heel cut (POT-40)
e42		2742115	Special knife for leather and textiles, with heel cut (EOT-40, POT-40)

# OSCILLATING KNIVES

Type	Picture	Art.No.	Description / Product detail
e60		2760001	for tough material, similar to e21
e61		2761001	for cardboard (X-Board) up to 16mm (POT-40)
e62		2762101	for leather and textiles (L= 28mm)
e63		2763101	Special knife for leather and textiles, with heel cut (L = 43mm / POT-40)
e66		2766001	for foam, corrugated cardboard
e121		2112100	for corrugated paper and rubber up to 13 mm, 30mm long (POT-40)
e1006		2109706	Aristo oscillating knife shaft Ø 6mm - depth of cut approx. 6mm
e1010		2109710	Aristo oscillating knife shaft Ø 6mm - depth of cut approx. 10mm
e1015		2109715	Aristo oscillating knife shaft Ø 6mm - depth of cut approx. 15mm

# SPECIAL KNIVES

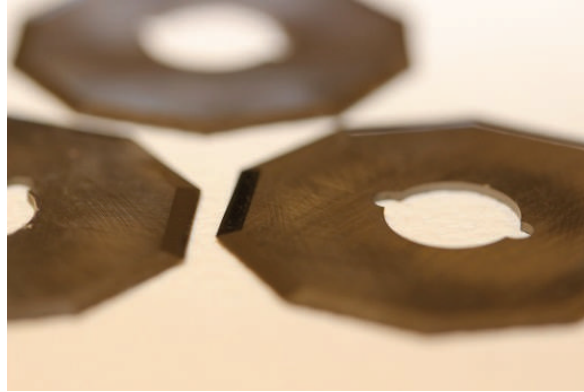

For plastic, foil and a wide range of other materials

Type	Picture	Art.No.	Description / Product detail
e30		2730116	for passe-partout up to 2 mm (PPT-32)
e33		2733118	for passe-partout up to 5mm (PPT-40)
e34		2734119	for passe-partout up to 5mm, suited for smaller radius (PPT-40)
e35		2735121	for passe-partout up to 5mm (PPT-40 )

## ROTATION BLADES

For cutting of different materials such as textiles, glass fibre, PE

Type	Picture	Art.No.	Description / Product detail
e025		2790001	Rotation knife for textile (Ø 25mm)
e028		2790002	Rotation knife for textile (Ø 28mm)
e032		2790003	Rotation knife for textile (Ø 32mm)
